### SUMMARY

Aspiring Web Developer with a solid foundation in web development and a strong commitment to continuous learning and skill improvement. Experienced in creating responsive layouts, developing interactive web components, and following clean coding practices. Demonstrates strong attention to detail, adaptability, and a problem-solving mindset when tackling development challenges. Actively explores modern tools, frameworks, and best practices to stay current with industry trends. Motivated to grow as a developer while contributing value to a collaborative and fast-paced development environment.

### PROFESSIONAL EXPERIENCE

#### Cebu Belmont Inc.

March, 2025 - Oct 2025

- Designed, developed, and maintained responsive websites using HTML, CSS, JavaScript, and PHP.
- Handled website maintenance tasks such as updating content, fixing bugs, monitoring uptime, and improving overall site performance.
- Implemented and managed databases (MySQL) for storing client and program records
- Collaborated with the team to enhance website features and improve user experience.

#### Web Maintenance, Eastern Samar Provincial Information Office

July 2024 - Jan 2025

- Updated and maintained website content, including text, images, and page layouts, to ensure accuracy and consistency.
- Fixed minor layout, styling, and functionality issues to improve website usability and performance.
- Tested website pages and features after updates to ensure proper functionality across different browsers and devices.

#### Faculty Intern, Eastern Samar State University – Main Campus

Feb 2024 - May 2024

- Assisted students by addressing concerns, scheduling appointments, and providing information about the Dean's office processes.
- Utilized Photoshop and video editing software to support the Dean's office in creating visual materials for events and communications.

#### Web Developer, Infiniteloop Software Development Services

Oct 2022 - Sept 2023

- Developed and maintained responsive web pages using HTML, CSS, and JavaScript, ensuring compatibility across multiple devices and browsers.
- Implemented interactive UI components and page functionality based on project requirements and design specifications.
- Optimized website performance and improved code readability by following clean coding standards and best practices.
